Phone Solutions, Inc. Partners with Hold On America for Music & Message On Hold Services

Ellenton, Florida, March 16, 2008 — Phone Solutions, Inc., Tampa Bay's leaders in business communications, announced today that the company has agreed to offer the equipment and services of Hold On America a Tampa Bay based company specializing in custom, high quality music and voice message on hold greetings for businesses.

Hold On AMERICA offers the finest, most professional writing and audio production in the industry backed by intensive research into the "hold" situation. The psychological impact of being "on hold" is much more profound than most business people realize and large amounts of money can be won or lost depending on the programming a company has on hold
